## **CULINARY GUIDE 2026**

Welcome to the heart  
of Katowice's diverse culinary scene!

# Introduction

## **Katowice na Talerzu (Eng. Katowice on a Plate) 2026 – a culinary journey through the flavours of the city.**

The second edition of the Katowice na Talerzu (Eng. Katowice on a Plate) competition has come to a close, definitively confirming that Katowice's gastronomic scene is now one of the strongest brands on Poland's culinary map. As many as 68 places entered the competition for the title of the very best – from prestigious fine dining restaurants to uncompromising artisan spots. Together, they have created a compelling portrait of a city unafraid of culinary challenges.

The past months have been a time of intense exploration of flavours, taking us to the farthest corners of the world. Alongside a deep respect for Silesian tradition and Polish classics, we witnessed masterful interpretations of Italian and Asian cuisines, as well as signature contemporary dishes that impressed with their form and bold compositions. Each submitted dish stood as proof that in Katowice, food is treated as an art form – with no shortcuts taken.

The high standard of this year's edition is, above all, the result of people. The passion of Restaurateurs, the precision of Chefs, and the dedication of entire Teams have translated into experiences that linger long after leaving the table. It is their determination that makes Katowice vibrant and draws food lovers from across the country in search of authenticity and quality.

This guide is not only a summary of the second edition of the competition, but above all a ready-made plan for your next culinary journeys. Regardless of the final results, each participating place deserves to be considered a must-visit destination on Katowice's gastronomic map.

We would like to thank everyone involved: Restaurateurs for their craftsmanship, Guests for every show of support and every vote, and the Competition Jury for their expert oversight. Congratulations – and we look forward to seeing you at the table next year!

Team of Katowice na Talerzu (Eng. Katowice on a Plate)

Dear Readers,

I am pleased to present this culinary guide to the finest food spots in Katowice. This publication offers a summary of the second edition of the Katowice na Talerzu (Eng. Katowice on a Plate) project, in which many local Restaurateurs were involved.

At the end of last year, we invited you to vote for the best food spot in our city. I am delighted that this initiative once again captured your hearts and palates. I would like to sincerely thank everyone who visited local restaurants and cafés, tried the competition dishes, and then cast their votes for their favourites. Your choices allowed us for highlighting places that are truly exceptional and stand out from the rest, while your engagement provided real support to Katowice's Entrepreneurs.

I would also like to thank the Restaurateurs for participating in the project. Once again,

we have seen that Katowice boasts remarkable culinary diversity and that our city is home to many outstanding places, some of which have been thriving for years.

Finally, I would like to extend my thanks to all those involved in organizing the second edition of Katowice na Talerzu (Eng. Katowice on a Plate). Thanks to your efforts, we were able to update the city's culinary map and discover new places and flavours.

May this adventure remind us all that Katowice na Talerzu (Eng. Katowice on a Plate) truly tastes extraordinary!

Marcin Krupa  
Mayor of Katowice
